Hi Haaron,

Do you have the steps that we can provide to Jesse to have him connect to Outlook?

Dear Carly Hambleton,
Category : Enterprise Applications
Sub Category: Email

Good day, Calendar solution has been created and tested according to the defined scope.

- Master Calendar is ready and configured to be available and visible in read only mode to:
 - Christina Johnson
 - Dan Antonelli
 - Daniel Redfern
 - Galen Sienicki
 - Jeff Trykoski
 - Jesse Sowell

- Kimberli Carroll
- Michael Warter
- Olga Balderama
- Sandra Deas
- Sean Minooei
- Tony Caetano
- Master Calendar is available for edit mode to:
 - Danielle Neis
 - Carly Hambleton
- To access the Master Calendar users can use the following menu:

Carly, can you please test and create some example calendar events and let us know any feedback?

Description :
Hi there!

We need to create a new Outlook account for “Master Calendar”. Also see below exactly how we need it completed, with me having access rights to it as well. If you have any questions, please let me know. Thanks!

Subject: FW: NEW 2024 Master Calendar in La Cocina

Hi Carly,

I've volunteered us - by which I mean you 😊 - to create an Outlook calendar with the Master Calendar dates entered on it. We'll need someone from IT to create a new Outlook account for "Master Calendar" first. I don't know if Michael can do that or someone else. I've asked Mike Warter who to go to.

Then when the account is set up and you have the right privileges you can take what's on the Master Calendar on La Cocina and enter the info into that Outlook calendar. Just a one-time thing; I don't expect you to maintain it.

This will allow everyone to see the Master Calendar just by pulling it up next to their own in Outlook, which will help us avoid scheduling conflicts.

Let's chat about it tomorrow.

Thanks,
Jesse
